Sattva Group has launched its latest residential project named 'Sattva Bliss' located at Budigere Cross, which is a growing suburb in Bengaluru.

The project will be spread across 3.3 acres of land, and the plan comprises three towers with one, two and three-BHK apartments. The green features include jogging tracks, outdoor gym, kid's play area, and spaces such as a half-basketball court, a cricket practice pitch, a skating rink, a multi-purpose court and a swimming pool have been planned.

The property will leverage its strategic location as the area has the potential to be a residential and commercial destination in the near future.

'Sattva Bliss' dovetails the amenities for an upscale lifestyle with harmonious natural surroundings for its residents.

The Bengaluru-based Group, which has 56 million sq ft of completed space, 34 million sq ft under construction and 32 million sq ft in the planning stage, will be expanding its presence in Mumbai. Apart from residential and commercial projects, it is expanding into co-working, co-living, education, hotels, facilities management and warehousing segments as well.
